## Registering on Teamo- Cricket

When registering on Teamo please go to- <https://web2.teamo.chat/club/register/mershams>

Once there you will be asked to complete the relevant registration fields for you/ your child, you can find [registration guides and FAQs on our website.](#)

You will be asked to select 'teams' that you wish to join. These will be used to send you relevant information including notifications of training, collecting availability, and confirming selection for matches.

Unlike other sports, there is a lot more freedom of movement of players between teams and age groups in cricket.

We encourage all our cricketers to play as much as possible to help their development and we will give players as many opportunities as we can to play inline with our selection policy.

Juniors (under 18s) can play in 'Open age' (Senior Cricket) matches once they turn 13 and we encourage them to do so as this will greatly aid their development.

Women and Girls are encouraged to play in mixed senior and junior teams should they wish to, girls are able to play in an age group below their current age, i.e an Under 16 girl can still play in an Under 15 mixed team.
